

THE MINER AND FIFTY CENT DOLLAR.

The argument advanced by the gold press that the miner alone would be benefited by the restoration of silver is refuted by the *Silver Knight*, which says:

"The constant variation and reiteration by the entire gold press and all the goldites in Christendom, that with free coinage of silver the silver dollar would be worth only fifty cents, if true, refutes the assertion that free coinage is for the benefit of the mine owner, because the mine owner can now get a little over fifty cents in gold for \$1.14 grains of pure silver. If he could get no more under free coinage, how would he be benefited? If the mine were opened for free coinage he could get a dollar at the mint for \$1.14 grains of standard silver, and everybody else could do the same. How would he have any special advantage over others to whom the four thousand millions of silver in existence is accessible for purchase and conversion into dollars? It is easy to see how the free coinage of silver would make more standard money and increase the volume and decrease the purchasing power of money and thereby benefit debtors, taxpayers and all others having fixed charges to meet, and also stop falling prices, which are death to enterprise; but the silver miners, as such, could get no more benefit from free coinage than the enhanced purchasing power of silver would give. If it were not enhanced at all they would get no profit; if it were enhanced enough to bring silver on a par with gold, they would get all the profit resulting from the increased purchasing power of silver, and none of the profits resulting from the diminished purchasing power of gold; but all debtors and taxpayers would be benefited by the diminished purchasing power of gold, and production would be relieved from the harmful effect of falling prices."

THE TANGEMAN CASE.

The correspondence between W. T. Baggett, counsel for H. W. Tangeman and Acting Governor Badler, relating to the removal of Mr. Tangeman from Virginia City, appears elsewhere in the Journal. Mr. Tangeman called on the Governor for State troops to protect him in the discharge of his duties as Superintendent of the Hale & Norcross mine. Of course the Acting Governor had no authority to act in the matter until officially informed by the local authorities that they required State assistance. An act to provide for organizing and disciplining the militia of the State, approved March 4, 1895, makes the Governor Commander-in-chief of the militia of the State, and provides that "in case of war, insurrection or rebellion, or of resistance to the execution of the laws of this State, or upon the call of any officer of the United States army, commanding a division, department or district in Nevada, or upon the call of any United States Marshal in Nevada, or of any Mayor of any city, or Chairman of the Board of Commissioners of any county, or of any sheriff, the Commander-in-chief is authorized to call into active service any portion of the organized or enrolled militia of this State." As Mr. Tangeman did not occupy any of the positions above mentioned the Acting Governor could not comply with his request. The Governor was not called upon by the local authorities of Storey county for assistance and as Mr. Tangeman did not return to the Comstock there was no occasion. He was taken out of town probably before the authorities knew of his departure, as he admitted here in Reno that there were not more than thirty men present and as he did not go back that closed the incident.

WILL DUPONT BE SEATED?

There is a vacancy in the United States Senate caused by the failure of the Delaware Legislature to elect a Senator. There was a deadlock during which the Governor of the State died. William T. Watson, President of the Senate, took the oath of office and assumed the duties of Governor. That occurred on April 9th and Governor Watson took part in the proceedings of the Legislature until May 9th, the last day of the legislative session, when he ascertained that the Republicans were going to cast their vote for Henry A. Dupont. He then entered the joint assembly, took the President's chair, said he was entitled to vote and have his vote recorded against Dupont. He claimed that he exercises the functions of Governor by being President of the Senate and if he ceased to be a member of the Senate he would cease to be acting Governor. He refused to sign Dupont's election certificate on the ground that he did not receive a majority of the votes of the joint assembly.

Now the Senate Committee on Elections by a strict party vote has reported in favor of seating Dupont, but it is by no means certain that the report of the committee will be adopted by the Senate. The gold men will probably vote to seat Dupont and the silver men against it, in which event the title to the seat will not be settled upon its merits.

The Territorial Republican convention of Oklahoma Territory assembled yesterday. There was a large gathering. A fight is expected on the choice of President.

HAWAIIAN NEWS.

HONOLULU, March 23.—A bill has been introduced in the Senate providing for the sale of foreign papers on Honolulu streets. Damon, the Minister of Finance, stated to the Senate that the Government did not intend introducing any tariff measure increasing the tariff on California wines or any other American article not free by duty. The situation of Hawaii regarding the United States, he said, was so important that anything tending to create opposition in California would be political suicide to those advocating it. If the revenue would permit, the Government would favor granting a rebate on the duties collected on pure California wines not containing more than 18 per cent of alcohol.

Big Grocery Burned.

ST. PAUL, March 23.—Yerke's big grocery burned to-day. The loss is \$70,000. A dozen people roomed on the upper floors. They were taken out on ladders with great difficulty.

The battleship Iowa was successfully launched yesterday afternoon at Philadelphia from the Cramp ship yard. She is the most powerful fighting vessel in the United States navy. Miss Mary Lord Drake, daughter of the Governor of Iowa, named the vessel. Secretary of the Navy Herbert, with attaches of his department, was present.

A dreadful double tragedy occurred at San Francisco yesterday in a water front lodging house. Philip Ramas, a cook, slashed Edia Meyer with a razor and she soon died, and the murderer then cut his own throat. Ramas was infatuated with the young woman, but she had spurned his attentions. It is thought that his acts were the result of insane jealousy and the objections made to his advances by the parents of the young woman.

USES OF SALT.

And There Is Abundance of It in Nevada.

Salt puts out a fire in the chimney.

Salt in the oven under baking tins will prevent their scorching on the bottom.

Salt and vinegar will remove stains from discolored teacups.

Salt and soda are excellent for bee stings and spider bites.

Salt thrown on soot which has fallen on the carpet will prevent stain.

Salt put on ink when freshly spilled on the carpet will help in removing the spot.

Salt thrown in whitewash makes it stick.

Salt thrown on a coal fire which is low will revive it.

Salt used in sweeping carpets keeps out moths.

Nellie McHenry.

This jolly little woman with her combination appeared at the Opera House last evening before a good audience. As usual there were smiles, titters, laughs and good solid guffaws, and some of the old fellows that were present are laughing yet. Jolly Nellie is well named, for the moment she appears on the stage her prissy and smiling face seem to put the whole audience in good humor and makes everybody feel as if they would like to get better acquainted with her.

The ladies admire her and the men fairly love her and the children in the audience would give the world to call her aunt Nellie, which is the best testimony in the world as to her popularity. Her support was good and the announcement of her reappearance in Reno will insure a good house.

A pleasant evening was passed at the residence of T. V. Julian on Friday evening. The occasion being a return party given by the boys of the High School Junior Class to the young ladies of the class. Games, music and dancing were the features of the evening and the whole ended with refreshments.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

STATE CAPITAL NOTES.

Henry Piper Graciously Receives His Sentence.—The General Public Concurrence Sentences to State Prison and Elsewhere.

(Correspondence of the Journal.)

CARSON CITY, March 28, 1896.

First thing of all before the U. S. District Court at this morning's opening at 10 o'clock came the trial jury in the "Buttermilk Jake," McNamara case, selling whiskey to Indians. The jury had been out all night, and the foreman, W. Hy Doane, stated the perfect impossibility for the jury to agree. So they were discharged till Monday at 10 o'clock A. M.

The case of Henry Piper, charged and indicted by the Grand Jury with stealing some crude amalgam from the Carson Mint, now came up in due form. His Honor said: "Mr. Piper, the Statute of the United States under the provision of which you have been convicted reads as follows: 'Every person who robs another of any kind, or description of personal property belonging to the United States or feloniously takes or carries away the same, shall be punished by a fine of not less than \$5,000 or imprisonment not less than one or more than ten years, or by both such fine and imprisonment.'"

With reference to your guilt, I regret to say that there is no doubt in my mind. You have a good family, one highly honored in the community where you have lived; your wife is a good woman and it is a pity that you did not think before you committed this deed and not bring disgrace upon them. If the U. S. Mint officers had done their duty and brought offenders to justice when crimes were committed, it seems that so much deficit and dishonest work would not have existed in that institution to-day. I am unable to understand the principle of any business man in a public institution who permits a thief to go at liberty simply with a discharge.

It is a long time since you committed this crime and since then I believe that you have experienced more suffering in your heart than any sentence that I could impose upon you would inflict. The least I could give you is one year as a term of imprisonment so that I will have to resort to the fine, which is limited to \$5,000.

The sentence of the Court is that you pay a fine of \$300.

While the Judge was talking, the defendant stood pale and still and when he heard the sentence of the Court, in a trembling voice said:

"Your Honor, I promise you that this is my first and last time here."

"I believe you, Henry," replied the Judge.

At this juncture the spectators clapped their hands—the first time this has ever been done in the U. S. Court.

There is alleged to have been an instigator of this whole thing, a job put up on Piper by a bogus friend or dung-bill enemy, who is known and appreciated on the Comstock. Anyhow, the Piper family friends are happy, as evinced by the hearty, spontaneous applause in the courtroom when Judge Hawley gave his decision.

The whisky to Indians cases occupied the most of the day "Ricketty Kate" and old "Mother Dolan" from the Comstock were each sentenced to a year and a day in the State Prison.

Yok Kee of Winnemucca was sent to the Storey County Jail for one year. Under statutory regulations one day over a year means State Prison, otherwise county jail. Kate had also a fine of \$10 imposed, which she will give her note for when she quits.

Ross Allen, Winnemucca, was sent up for seven months and fined \$20, and Yok Lee twelve months and \$20. Storey County Jail the favorite hotel in all cases.

Ah Tong, Winnemucca, jury trial, got sent up to the Storey County Jail for a year, and J. Kelleher went there also for 30 days and \$20 fine.

Langerin and his son Will, from Lovelock, are subpoenaed for Monday, and some very interesting trouble is predicted in the mint cases. It has to come, and those Indian whisky cases have unavoidably got in the way. But a day or so will dispose of them. Then blood tests. ALF DOTEN.

Cure For Headache.

As a remedy for all forms of headache, Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at S. J. Hodgkinson's Drug Store.

Not to be Outdone by the Girls. The Junior boys of the High School are not to be outdone by their young lady classmates. Friday evening last they tendered them a return party at the home of Fred and Frank Julien.

Judging from the light and laughter, strains of music and sounds of dancing that came forth from that house until far into the night they must have had a royal good time. One of the jolliest features of the evening was a "big eat" all given by the boys.

District Court.

The District Court was occupied yesterday in the trial of James Farley vs. Richard Ryland. The case was given to the jury about 4 o'clock in the afternoon, and a verdict was returned at 6 P. M. in favor of the plaintiff for \$200. The plaintiff won the case in the Justice Court some time ago and it was appealed and this is now his second victory.

ABSOLUTELY PURE

INTERESTING CORRESPONDENCE.

W. T. Baggett's Request for Military Protection and Lieutenant-Governor Sadler's Reply.

SAN FRANCISCO, March 25, 1896.

DEAR SIR: The unlawful conduct of certain citizens of your State in kidnapping and by force compelling Mr. H. W. Tangeman, a reputable citizen of that State, to leave Virginia City has naturally met the condemnation of all right-thinking, law-abiding people. Mr. Tangeman has informed me that he conversed with you concerning this matter with a view to seeing what, if any, protection you as the Chief Executive of the State of Nevada could afford him in case he should insist upon his lawful right to continue his business as Superintendent of the Hale & Norcross Mining Company.

I am not certain what your conclusions were from Mr. Tangeman's statement to me. I would therefore, as his attorney, and as attorney for the Hale & Norcross Mining Company, most respectfully ask you to now inform me whether or not the State of Nevada could or would furnish sufficient military force to reinstate Mr. Tangeman in his position at Virginia City as Superintendent of the Hale & Norcross Mining Company and insure him protection from personal violence. It is known that the application to the Sheriff of the county on behalf of Mr. Tangeman met with either a direct refusal or a confession of inability on the part of that officer to afford him protection from the outrage which he received on last Saturday at the hands of certain individuals claiming to be members of the Miners' Union of Virginia City.

If it is impossible for the State of Nevada to afford the necessary protection to Mr. Tangeman to conduct his lawful business as a guarantee by the constitution of your State and every other State in the civilized world, then I ask if you will aid us in making the proper representation to the Federal Government for such aid as may be necessary under the circumstances of the aggravated case.

Mr. Tangeman spoke very highly of you and your sympathy for him in the embarrassing position in which he had been placed.

If you will be kind enough to answer this communication at your earliest convenience as I desire to take some action in the matter. I should be very much pleased to meet you if you could find it convenient to be in San Francisco at any very early date. Again thanking you for your consideration and sympathy, I remain,

Yours very truly,

W. T. BAGGETT.

STATE OF NEVADA, EXECUTIVE CHAMBER, CARSON CITY, March 27, 1896.

W. T. Baggett, Esq., 324 Pine Street, San Francisco—Sir:—Your communication of the 20th instant duly received.

In reply would respectfully refer you to Section 18 of an Act approved March 6, 1893, Nevada statutes, entitled "an act relating to the National Guard and the enrolled militia," and further state that the Sheriff of Storey county has personally assured me that he will extend all the protection in his power to the Hale & Norcross company or to any person connected therewith.

Up to this date the executive department of this State has received no official notice of any insurrection, riot or resistance to the execution of the laws of this State, or any request from any proper source, for assistance in the execution of the laws.

You can readily understand that it is not in the power of the Chief Executive or of any officer, to furnish a special body guard for private purposes, and until the requirements embodied in section 18 heretofore referred to, are complied with. I can take no official notice of the matter.

Respectfully,
REINHOLD SADLER,
Acting Governor.

A WRONG GUESS.

No Improvement Since the Grand Jury Reported.

EDITOR JOURNAL:—When the report of the last Grand Jury was made public I was of the opinion that by reason of the shaking up given the hoodie element, that the people could safely look for a change for the better, but now find I guessed wrong. It will be remembered that the Grand Jury severely criticised the action of the Chairman of the Board of County Commissioners for his illegal acts in connection with the sale of certain county property and the retention of the proceeds to his own use. I then supposed that as a matter of course the motto obtained through the spurious melts of nearly five years ago by the Chairman of the Board would at once be placed in the county treasury, but learned yesterday that up to date the county treasury has received nothing from that source. So the situation at present seems to be substantially as follows:

Vallancourt has the town lot, the Chairman of the Board of County Commissioners has the \$75, and the county has what the boy shot at—nothing. While that particular circle known as the "ring" seems ready to smile at the cunning way in which the aforesaid Grand Jury were bamboozled into the belief that rose water was the proper application instead of concentrated lye and a hickory broom.

At any rate the law department seems to think that if the public functionary can gobble public funds and hold them to his own use for a period of five years or more they are his. As old Jim Bunge would say, "some things are curious."

WON BACK.

A Fine Play to Be Given by Local Talent.

The military drama, "Won Back," which is to be presented at the Opera House on the evening of April 7th by the Reno Dramatic Club, is a play of more than ordinary merit. It is a drama written for professionals, and the author, Mr. Charles Taylour, is a playwright of no small note. He has written many plays for Maggie Mitchell and others, and "Won Back" is among his finest productions. The play is written on the same lines as "Field by the Enemy" and "Shenandoah," both of which have scored such great success in all the large cities of America.

No pains have been spared to make the presentation of this play a success. New scenery has been painted, which will add greatly to the stage effects, and bright new costumes have been secured.

The cast, made up from members of the Reno Dramatic Club, includes Dr. J. A. Lewis, Mr. B. F. Currier, Miss Ione Gould, Miss Mattie Snow, Miss Echo Loder, Miss Maude Brumette, Mr. John Henry, Mr. Charles Knox, H. Thurtell and Mr. N. E. Most of this cast played in "Damon and Pythias" and "The Lady of Lyons," which met with such approval last spring, under the management of the late E. S. Laurie.

Sale of seats commences at Lake's on Tuesday morning, March 31st.

Each person buying a reserved seat may be sure of holding that seat, for the seat coupons have all been printed and there are no duplicates and no written coupon will be accepted. Tickets, with reserved seats, 50 cents.

The Discovery Saved His Life.

M. G. Caillorette, Druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail, and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use, and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial bottle at S. J. Hodgkinson's Drug Store.

Viavi.

Viavi is more of a food than a medicine. I should be glad to have those who do not understand its use, call and get a Health Book free and read the home testimonials. Viavi sales in 1895 exceeded those in 1894 by half a million dollars. Mrs. B. E. Hunter, Fourth Street.

My lady looks into the mirror

And her face it glows with delight,

As she sees the vast improvement

Since she used Parks' Tea each night.

She is never tired or weary,

Her ill and her pains have fled;

Since she drank of Parks' Tea each evening.

A cup full on going to bed

Sold by S. J. Hodgkinson.

When Baby was sick, we gave her Castoria.

When she was a Child, she used Castoria.

When she became a Man, she clung to Castoria.

When she had Children, she gave them Castoria.
